Subject: Re: Ground Loops

Date: Fri, 25 Jul 2008 10:15 am

In order to stream line our sales/installation processes and improve quality we will now be using BD Loops for all installation. They are an extremely reliable/durable product and help decrease the chance of error during installations.

Starting next week Wallace International will stock the following pre formed loop sizes:

Please contact me directly with any questions.

Thanks,

Kevin Frain
Project Manager
