

BD Loops

3/16 inch saw-cut pizza wheel and wedge tool

Preformed saw-cut installation tool

Saw-cut wheel is made to work with **BD Loops** 3/16" preformed detection loops

Easily Roll Saw-Cut Loops to the Bottom of the Saw-Cut Groove

Many loop installers use screwdrivers, paint mixers, sticks, or other tools to stuff saw-cut loops into saw-cut grooves. These tools are not only inefficient, they can nick the loop wire and cause the loop to short to ground.

Save your back and knees with the Pizza Wheel and Wedge Tool!

The **BD Loops** Pizza Wheel and Wedge Tool allows installers to quickly and easily roll loop wire into the bottom of the saw-cut groove while standing. It is made of smooth and durable PVC that will not nick the loop wire. The wedge tool allows installers to easily push wire down into 135° dog eared corner cuts. Roller is 1/8" thick, works best with BD Loops 3/16" Preformed Saw-Cuts.

BD Loops Pizza Wheel Features:

- 1/8 inch wheel width and 135 degree wedge tool.
- Designed for saw-cut depth up to 2 1/4 inches.
- Easily pushes pre-formed saw-cut loops to the bottom of the saw-cut groove.
- 3/4 PVC coupler to accept any length handle.
- Wheel is made of durable PVC that will not nick saw-cut loop jacket.
- Saves up to 20 minutes installation time per loop in the field.
- Can be used to aid in cleaning out of saw-cut groove.
